Design a **Button Paperclip Bookmark**

**Step 1: Get the Materials**
- You need:
  - 1 large paper clip
  - 1 button
  - Glue
  - Small piece of construction paper

**Step 2: Directions**
- Pick one button for your bookmark.
- Place the button on the end of the paper clip that has only one silver rounded end.
- Place a dab of glue onto the back of the button. Make sure the glue gets on the button and the paper clip.
- Take a small piece of construction paper and place it down onto the glue so it covers the paper clip and back of the button.
- Let your bookmark dry before you use it!
